### ***Uplifting musicians and their communities***

The mission of Concerted Works is:

- 1. To enhance the public's recognition and appreciation of the musical arts, in all its forms as a human endeavor and cultural expression, by presenting live-performances integrated with public discussion groups, forums, panel, lectures or other similar programs in community venues or broadcast via the internet, radio, television, or other means of technology not yet known or hereinafter developed or discovered.**
- 2. To facilitate professional musician development for community members who reside within the jurisdiction of Local 380-443** through programs that range from, but are not limited to, workshops, clinics, master classes, symposia, and process for fiscal sponsorship for short-term projects.
- 3. To raise money for Local 380-443 of the American Federation of Musicians' Charles W. England Memorial Fund,** which can then direct Concerted Works to distribute the designated funds in support of scholarships for those studying the musical arts in an accredited institution and professional development for individuals actively engaged as music professionals.
- 4. To establish and raise money for a Local 380-443 Member Emergency Relief Fund** for distribution to members of Local 380-443 of the American Federation of Musicians. This fund's purpose is to provide emergency financial assistance in times of dire need and crisis due to catastrophic illness, loss of work, and/or demonstrated financial hardship.
- 5. To provide opportunities to come together to enjoy music-making by and alongside our region's professional musicians to foster the principle that communities who join together with the immediate goal of lifting up the community are lifting up our humanity. Thus, practicing "being good to each other."**
