***WE ARE STRONGER WHEN
WE STAND TOGETHER.***

AFM Local 380-443 is open to all who render musical services for pay—including instrumentalists, vocalists, dancers, support crew, and others working across our profession.

Across our region, we are building something that lasts: fair wages, clear working conditions, and a community that has each other's backs.

Whether you work occasionally or full-time, your work deserves respect—and protection. And whether you are actively working or simply want to stand with others in our musical community, this is a place to help strengthen our profession and make a difference for all.

***A CRAFT UNION: A COMMUNITY
OF STANDARDS.***

We are a craft union—a community defined by shared standards, values, and mutual respect.

When we uphold fair wages, professional conditions, and respect for one another, we strengthen not only our profession—but the communities we serve.

By uplifting our standards, we uplift each other. By uplifting each other, we uplift our communities.
